

AGES & STAGES

Do you want to learn more about your child's development?

Then check out:

The Ages and Stages Questionnaires - Third Edition -(ASQ-3 ®)

The ASQ is a simple screening system that helps you check your child's development from one month to age 5! ASQ looks at your child's strengths and possible trouble spots, teaches you about child development and uses your expert knowledge as a parent! This confidential service is offered free of charge for Stratford families.

Call Stratford Parents' Place

@

203-381-6992 to ask about the ASQ for your child!

This project is funded through the William Caspar Graustein Memorial Fund Discovery Grant.
