

Is Your Child at the Right Stage For His/Her Age?

Stratford Parents' Place is pleased to announce that the ***Ages and Stages Questionnaire (ASQ)*** is available for you to use with your young child or a young child in your care to answer this challenging question!

The ***Ages and Stages Questionnaire*** is a simple to use scoring system that helps you check your child's progress at each stage of development. Geared for children **birth to five years**, the ASQ is accurate and easy to complete! Parent Educators from Stratford Parents' Place are available to score your child's ASQ and discuss the results.

Please call Stratford Parents' Place @ **203-381-6992** to ask a Parent Educator about the ASQ!

Helping your child grow and develop is one of your most important roles as a parent!

After all, you are your child's first and best teacher!
