

ASTHMA?

Request a **FREE** Home Visit

- ➔ Make your home asthma safe
- ➔ Avoid asthma triggers
- ➔ Manage your asthma better
- ➔ Review medication

Our program ***PUTTING ON AIRS*** is designed to help you find out what may be making you or your child's asthma worse.

What does the program include? With your permission, trained asthma educator and environmental specialist will check your home for triggers and make suggestions to you to help control asthma attacks in your home.
