

ADDENDUM NO. 3

IMPROVEMENTS TO LONGBROOK PARK

STRATFORD, CONNECTICUT

April 13, 2009

BID #2009-030

MMI #1627-08

The following modifications are hereby made to the Contract Documents dated March 20, 2009 for the above-referenced project. Please add the following to the Project Manual in response to questions posed during and since the nonmandatory site walk completed on March 31, 2009.

1. The contractor shall install temporary six-foot high chain link fencing rather than orange snow fencing as currently depicted on the plans. It shall be the contractors' responsibility to protect their work and equipment throughout the duration of the project.
2. Spoils from the dredging of the lower pond may be amended as necessary to allow for safe transportation of such material. All amendments shall be approved by the engineer prior to implementation.
3. The contractor shall be responsible for providing electric meters and service if deemed necessary for construction activities throughout the duration of the project.
4. The contractor shall note the Town of Stratford Noise-level Ordinance §142-5 states "No person shall cause the emission of impulse noise in excess of 80 dB peak sound-pressure level during the nighttime to any residential noise zone."
5. The Town of Stratford shall not incur any costs for dewatering the pond for the duration of the project.
